

FEATURE SPOTLIGHT

Pivoting Function

- Raise the presser foot slightly whilst the needle is still in the fabric for easy and accurate rotation of the fabric.
- Great for turning perfect corners

Innov-is QC-1000

The Innov-is QC-1000 offers a wide variety of special features crafted especially for the avid sewer and quilter.

Innov-is QC-1000

- 517 Built in stitches
- Advance needle threading
- Up to 1000 stitches per minute sewing speed
- My custom stitch
- Side way feed
- ICAPS - Innov-is Continuous Automatic Pressure System

Innov-is QC-1000

- ICAPS - Innov-is Continuous Automatic Pressure System. Continuously detects fabric thickness whilst sewing and automatically adjusts presser foot pressure for even stitching over different fabric thickness.
- Easy to use LCD monochrome touch-screen control panel, 1.6" x 3.5" (4.06cm x 8.89cm).
- Programmable to pivot function. One touch on LCD raises the presser foot whilst keeping the needle in the fabric for easy fabric rotation.
- Utilize the USB port to import and export designs, save self-designed patterns and update machine software.
- Customize and save decorative stitch settings for stitch length, size and density.
- Upper thread and lower bobbin thread sensing system.
- 517 Built in stitches which include 105 utility stitches of which 30 are quilt stitches, 12 button-holes, 121 decorative stitches and 291 Alphabet stitches (97 x 3 font styles).
- 2 stitch plates included – one with quilt and sewing graduations, and one straight stitch plate for accurate Heirloom stitching.
- Combine multiple decorative stitches and save to memory.
- Go back to the beginning of a pattern repeat for perfectly matched rows of decorative stitches.
- Maximum sewing speed – 1,000 stitches per minute.
- Automatic drop feed function on select stitches.
- Side way feed allows left to right stitching for those hard to reach areas.
- 7-point feed dogs for smooth and even sewing.
- Independent bobbin winding system.
- Presser foot levelling button.
- Super bright work lights.
- Thread cutter button.
- My Custom Stitch feature.
- On-screen editing.
- Built-in help screens.
- Quick-set bobbin.
- Knee lift.
